

# **VENEERING: A COURSE OF ACTION FOR MAKING FURNITURE WITH MARC ADAMS JUNE 25-29, 2012**

## **TOOL LIST**

The following is a list of the hand tools that you should bring to the Veneering class. The class will have a \$75 material fee to cover the veneer, MDF and solid wood used in the class and other consumable supplies. There will be veneer available for purchase at the end of the class. Veneer tape will also be available to purchase at the school.

1. 3/4" Masking tape. 1 or 2 rolls, the blue tape is nice but the purple tape sold at Ace Hardware stores is the BEST.
2. Tracing paper. Make sure it is very transparent (Canson brand available at Hobby Lobby or other art stores). Carbon paper or graphite paper would also be good to bring. Make sure you get the kind that is smudge resistant.
3. Several #2 pencils and erasers. You will also need at least one white pencil to mark on dark woods.
4. X-acto knife with many extra #11 blades.
5. Small kitchen sponge, and a large plastic butter tub lid.
6. Plastic or metal straight edge, 3/4" to 1" in width (no wider than 1 1/4" and no longer than 24").
7. Drafting triangles with 30-60-90 degree angles and 45-45-90 degree angles.
8. Small trim router or small Dremel tool with a plunge base. Bring a few small straight cutting router or Dremel bits for inlay work.
9. Good set of sharp chisels with at least one that is 1/8". Bring a mallet as well.
10. Bring a good bench light, some of the details will be better seen with bright lights.
11. A gallon zip lock bag to store your wet sponge in overnight.
12. Self healing cutting mat, available at hobby stores.
13. A cloth baby diaper safety pin or a "T" top straight sewing pin.
14. 2 pieces of mirror that are 12" x 12" in size for viewing veneer packets.
15. Bring a good quality seam roller, (the metal roller kind is best).

## ALL SATURDAY AND SUNDAY CLASSES START AT 9:00 AM EASTERN TIME

For all classes it is a good idea to bring is a pencil, notebook, a dust mask, ear plugs and without a doubt, safety glasses and a camera, if you would like to take pictures. ● **Classes marked with dot (●) do not have a specific tool list.**  
If your class requires hand tools, the tool list will be with this page. Lunch is included and will be served around noon.

<b>Date</b>	<b>Class</b>	<b>Instructor</b>
April 21-22, 2012	Introduction to Translucent Mineral Inlay	Stephen Hatcher
April 21-22, 2012	Fine Finishing with Hardware Store Materials	Tim Puro
