

HUSBAND & WIFE/COUPLES WOODTURNING WITH ALAN AND MARY LACER

July 21-22, 2012

Thanks so much for signing up for this exciting course at the Marc Adams School of Woodworking. There will be a limited number of tools available at the school. If you think you will continue with woodturning following the class you will want to have your own tools.

Course objectives:

Prior to the end of the workshop each team will:

1. Work together to practice the basic cuts with three different turning tools.
2. Complete at least four of the following projects: screwdriver, pastry/basting brush, ice cream scoop handle, dried flower vase (weed pot), perfume pen or Christmas tree ornament. Have a fun and enjoyable weekend at woodturning together.

TOOL LIST: (selected for this specific class)

The following are the tools and supplies each team should bring (all are available from the listed turning suppliers). However, the school does have tools for loan.

Roughing gouge (any size, but I prefer the 1 1/4" or 1 3/4")

Detail/spindle gouge 3/8"

Parting tool (3/16" or 1/4" in either flat stock or diamond profile)

Full faceshield (first choice) or goggles/safety glasses

SUPPLIERS OF TOOLS AND WOODTURNING ACCESSORIES:

I will have most of the standard turning tools listed above for sale before, during and after the class. Contact me for my tool list and prices (most are on my web site). Other suppliers:

Craft Supplies
1287 E. 1120 S.
Provo, UT 84606
800-551-8876
www.craftusa.com

Packard Woodworks
215 S. Trade Street
Tryon, NC 28782
800-683-8876
www.packardwoodworks.com

Miscellaneous Info:

You might like to read some of the articles on my website to help with your preparation.

Please, please call, fax, write or email me if you have any questions or difficulty finding these supplies or questions about the class—I want you to have as productive a session at Marc's as possible.

ALL SATURDAY AND SUNDAY CLASSES START AT 9:00 AM EASTERN TIME

For all classes it is a good idea to bring is a pencil, notebook, a dust mask, ear plugs and without a doubt, safety glasses and a camera, if you would like to take pictures. ● **Classes marked with dot (●) do not have a specific tool list.**
If your class requires hand tools, the tool list will be with this page. Lunch is included and will be served around noon.
