

**PARENT/CHILD SHAKER OVAL BOXES WITH HERMAN BUENO
JULY 13-14, 2019**

Greetings Woodworker,

Thank you for signing up for the Shaker Oval Box class. If you are a new student to the MASW, you will have a wonderful weekend. If you are an alumni, you already know what to expect and I plan to make it a successful learning experience. The plan is to have a relaxed, work at your own pace weekend. At the end of the class you will have made a traditional set of 5 nested shaker oval boxes. Specific steps (all bands) must be completed on Saturday so that the bands can dry over night. If time permits, we may work on a bonus box. The tops and bottoms will be sized and fit on Sunday. We will close with discussing finishes, other wood options, embellishment ideas, non- traditional sizes and non-traditional styles. I hope spending the weekend at MASW will encourage you to expand your woodworking skills even more in the near future.

REQUIRED TOOL (SUPPLY) LIST

*PATIENCE

*BASIC UTILITY KNIFE WITH NEW BLADE(S)

*SMALL TACK HAMMER

*WIRE SNIPS (WIRE CUTTERS)

TAPE MEASURE

SMALL SQUARE

*BOTTLE OF SUPER GLUE

COMFORTABLE CLOTHES / SHOES

Please do your best to come with these items. If you cannot find a specific item, the shop usually has some well used loaner tools.

.....WE WILL BE UP AND MOVING AROUND THE SHOP DURING A MAJORITY OF THE CLASS TIME. **We will be using the shop bandsaws, a variety of sanders, and drills/drill press. Shoes cannot be open toed and sleeves should not be too long or loose.**

See you in July,

Herman Bueno
