**Shop Design: Making the Best of Limited Shop Space
With Andy Glantz**

May 11, 2019 (Saturday)

Each Student should bring:

Scale drawing of shop floor plan, and basic dimensions of each wall, with window and door openings

Photos of each wall

Sizes of each stationary machine

Drawing boards, triangle, scale ruler and T-squares

Class Schedule

As a one-day class, we'll spend the morning talking about basic ideas of small shop design and how to get the most out of a space by maximizing the use of every part of the shop. In the afternoon, students will design or redesign their work spaces for better flow of motion and materials.
