

Turning Wet Wood with Jimmy Clewes

October 12-13, 2019

Syllabus:

We will turn the following:

- A wet wood bowl
- A wet natural edge bowl
- A thin walled wet bowl
- A thin walled natural edge bowl
- A natural edge end grain vase....and if time allows, finish with a wet branch winged bowl

Tools:

¼" Bowl gouge

3/8" Bowl gouge or 1/2"

Roughing out gouge

Parting tool

Heavy duty square end scraper, ¾ inch wide and at least ¼ inch thick

3/8" Spindle gouge

A variation of the above sizes would also be ok
