

# Turning Wall Sculpture with Nick Agar August 3-7, 2020

Tool list:

Face shield with a Z87+ rating

Dust mask / nuisance vapour mask .

14" flute gouge eg 3/8" bar stock.

1/2" bowl gouge

Skew chisel

3/8" bowl gouge, preferably with fingernail grind. (OPTIONAL: also 1/4" AND 1/2" gouge)

1/4" spindle gouge (OPTIONAL: also 1/2" gouge)

Sorby texture / spiraling tools small and/ or large

Pyrography units e.g. razor tip or Burnmaster plus pens of your choice

Any micro motor plus hand pieces with burrs of your choice .

Flexible drive tool eg freedom / mastercarver / Dremel with hand-piece that will take 1/4" shaft

Orbicut 20" with soft cutters - I should have some for sale but don't bank on it

Saburrtooth burs

Drill with sanding arbor and abrasive discs

Abrasives 80 grit through 600

Punches, such as leather, letter, number / wood carvers background punch

Small hammer

X-acto knife and blades

Small cutting mat

Airbrush - look at Harbor Freight for bottom fed double action with glass bottle.

- Set of six is about \$140 or \$25 single.

Air brush compressor with normally a 1/8th hose to fit standard 1/8th airbrush

Some alcohol based wood stain e.g., from Chroma-craft.

- Colors needed are black, red, blue and yellow -- any other colors are optional. Chroma-craft clear dye sealer

Chroma-craft WRU -20 water deductible urethane is good for a finish through an air brush

-Can use your own lacquer as long as you spray outside ."

Viking silver gilt - by Chroma-craft

Also any other metallic effect Chroma-gilt colors like brass / copper etc. are recommended.

Rustina water based paints, from Chroma-craft -iron and Verdigris plus the activator.

3 or 4 cheap small paint brushes about 1/4 - 1/2" wide.

Foam paint pads/ foam brushes 1"-3" wide

Lo TAC masking tape (blue scotch is the best and edge lock is my favorite).

3-4 cheap tooth brushes

Optional but certainly help with sculpting and finishing

Mini grinder with arbor tech or carbide carving blade . Eg Merlin or proxon

Power sanding arbour and Velcro backed discs etc

Peel off and precut Airbrush stencils (E.g. available Chroma-craft or Packard).

Hot melt glue gun and sticks
