Wisdom of the Hands: A Guide for Teaching Woodworking to Kids With Doug Stowe August 29, 2020 (Saturday)

I ask the students to bring 10 oz. claw hammer and fine-toothed hand saw. The saws I use at Clear Spring School are these:

<https://www.amazon.com/Vaughan-569-20-BS265M-Medium-2-Inch/dp/B00G0ORPIU/> Vaughan Bear Saw

Veritas Dovetail saw 14 tpi. <https://www.leevalley.com/en-ca/shop/tools/hand-tools/saws/dovetail/64007-veritas-dovetail-saws>

I'll also bring samples for student use.

A hammer like those we use at the Clear Spring School can be purchased at Lowes or Home Depot. An example can be found here:
