

HANDSKILLS EVERY WOODWORKER SHOULD KNOW WITH STEPHEN PROCTOR

April 6-10, 2020
October 5-9, 2020

Tool list:

Bevel edged chisels: 1" ----1/8"

Bench planes: Recommended Wood River #7 or #8

And any others you may have of other sizes.

DO NOT BRING LOW ANGLE JACK PLANES (I.E. LIE-NIELSEN)

Bench planes comment: To get the most from this class, it is strongly recommended that you invest in a #7 Wood River plane or a Lie-Nielsen plane. Bring any others you have, but a #7 Wood River will serve you for life.

Hand saws: Recommended: Bad Axe 10" Dovetail Hybrid cut 14 teeth/inch

Spokeshave: Stanley or Record No. 151A is recommended. The Stanley or Record No. 151 is OK.

Flat bottom

DMT Diamond Stones: Black, blue, red or green. The larger the better. DUO stones recommended.

Combination square: Starrett is recommended. 4" head and 12" and 24" blades

Sliding T-bevel(s)

Screw Drivers

Old Clothes

Pencils

Paraffin Wax

Nicholson 10" single cut mill file

Card Scraper

Half Round Cutting Gauges - Working wood (Stephen prefers the Beech model, which is cheaper.)
